

ABUHURARA

Full Stack Web Developer | Node.js. APIs. Next.js

abuhuraira3912l@gmail.com | [linkedin.com/in/hurayracodes](https://www.linkedin.com/in/hurayracodes) | github.com/hurayracodes | abuhurayra.vercel.app/

CAREER SUMMARY

Full Stack website developer with 1+ years of building scalable web applications. Specialist in Mern Stack, Next.js with a deep understanding of transforming complex ideas into a high-performance digital solution. Expert frontend interfaces and robust backend architectures using Node.js & MongoDB. Committed to engineering innovative and responsive application through continuous learning and collaborative problem-solving. Available for full-time and contract roles.

TECHNICAL SKILLS

Programming Languages: JavaScript, (Core/ES6+) TypeScript

Frontend Development: React.js, (Virtual DOM) Next.js, HTML5, CSS3, Tailwind CSS

Backend & APIs: Node.js, Express.js, REST APIs

Development Tools: Git, GitHub, VS Code, Postman, Vercel, Render

PROJECTS

Next.js E-Commerce Store | Next.js, Tailwind CSS v4, JavaScript

- Built a modern, fully responsive e-commerce frontend with Next.js for fast performance.
- Implemented dynamic product listings, real-time shopping carts, and pixel-perfect UI components using Tailwind CSS v4.

Library Management System | MongoDB, Express.js, React, Node.js, Mongoose, Axios, CORS

- Built a full-stack MERN app with role-based login and dual dashboards — Librarian (book & student management, borrow records) and Student (catalogue, borrow history, fines & profile).
- Built secure REST APIs using Node.js/Express with MongoDB/Mongoose for structured data management, and integrated Axios with CORS for reliable frontend-backend communication.
- Implemented sidebar navigation with dynamic role detection on login — students access the system using credentials created by the librarian, ensuring controlled and secure entry.

WORK EXPERIENCE

Web Development intern | HeapWare Dec 2025 – Present

- Collaborated within a development team on project-based web development tasks, contributing to responsive UI building and writing clean, scalable code.
- Worked alongside senior developers, supporting front-end-backend integration and ensuring consistent code quality across team deliverables.

Freelance Full Stack Developer & Designer | Fiverr 2026 – Present

- Successfully delivering web development and graphic design solutions to international clients, maintaining 5-star client satisfaction through high-quality deployment and layout management.

EDUCATION

Intermediate Computer Science | Government Degree Collage Chichawatni | 2019 – 2021

ACHIEVEMENTS & CERTIFICATIONS

Full Stack Website Development Certification | Ideoversity | Dec 2025

- Completed an intensive full-stack web development program covering modern frontend and backend technologies.
